(County, state and federal issues. Will be a panel of who wants to be on it - opening statements - go over topics – questions – etc.)

**SOME SUGGESTED TOPICS:**

Chance of legislation to get Cal Fire out of the role dictating hazard levels in Local Responsibility Areas – let it be done by the counties. Attempt to get out of the State’s Responsibility Area in 2025.

The state’s joshua tree protection legislation.

Old school Portables. (Given away free, dumped all over the desert and used for dwellings, etc. (Legislation pending(?) to go back to the manufacturers for dismantling).

County's cannabis program. Updates on pot grow busts.

Fentanyl and County's "Operation Consequences".

Any State grants for Code Enf. for "Severely Disadvantaged Communities"?

Efforts to Block Sexually Violent Predators from Being Released Into San Bernardino County

State edicts, etc. re schools.

Problems on grow sites after being busted – wells still permitted by the County on them – potential for chemicals being dumped in them - etc.

Federal updates.
